## Main Base & Notifications:

FCI Main Base is taking your Future Cheer experience to a new level of professionalism like no other company can. At Future Cheer, customer satisfaction is our #1 priority. Throughout the entire event FCI Main Base will be in operation at NO additional cost to you as a customer. At the FCI Main Base there will be Investigators for YOUR service. These investigators will be Customer Service Specialist, Mediators, IASF Safety Certified and Choreographer/Scoring Specialist. It is these FCI Investigators that will be able to answer all questions, legality verification and have the ability to approach the judges for scoring clarifications.

The FCI Notification Center will be in operation both days during the competition. Should any of your teams receive a safety warning or safety infraction, your designated coach/director will immediately receive a TEXT message to their phone asking them to report to the FCI Main Base. There our investigators will help you with further clarification and understanding. Should you have taken advantage of FCI Pre-game this system may be somewhat altered based on your color ranking.

*Please contact the Future Cheer office for further questions and/or clarification.*
